Tricks & Treats!

We have recently updated our Web site with new Tips & Tricks for our Rosy Glow customers.

For an easy way to look finished, think highlight instead of define: apply Get Your Glow Back Eyes lightly around the eye socket - add an extra dab in the inner eyelid to open the eye area, then add a quick coat of mascara and your softest blush in your crease. Concealer optional!

Do you have a new mom "get your glow back" tip or trick you would care to share? Send them to us at info@rosyglowbeauty.com - we might include them in future newsletters or on our Web site.

Finally - the ultimate gift to give a new mom!

Our three signature products - Rosy Glow Lips, Get Your Glow Back Eyes, and Baby Your Face - fill a great washable cosmetic bag. For those occasions when you actually DO sleep when the baby sleeps, a comfy sleep mask helps you doze off. **\$48 - available on-line.**

Get your Glow Back Eyes is a great pick-me-up even if you're not a new mom!
